## NEW ELECTRIC ENTERPRISE.

Bethel to Have Benefit of 500 Horse-  
power Plant.

Bethel, Sept. 20.—Movements are on  
foot for the organization of a stock  
company to operate the electric plant  
being installed at Gayville. It will be  
formed under the laws of the state of  
Vermont, with a capital stock of \$100,-  
000.

The installation will furnish 400 to  
500 horsepower by water wheels direct  
connected to the electric generators of  
the same capacity. Either at Gayville  
or Bethel will be installed an auxiliary  
steam plant of the same capacity, dupli-  
cating the plant throughout, making a  
break-down of service impossible  
except in the way of time breaks.

The plant will furnish power as soon  
as it can be installed to the needs of  
the Woodbury Granite company of  
Bethel (both the present sheds and those  
to be built this fall) and to the quarries  
at Bethel, and will also furnish power  
to any industry within reach, if wanted.

C. D. Cushing is behind the scheme  
and will have full charge of the work.  
It is figured that electric power can be  
sold at Bethel quite a deal cheaper per  
horsepower than any plant could indi-  
vidually obtain the same by the use  
of a steam plant, and a fine opportunity  
is offered for any industry to settle in  
Bethel and obtain power at a reasonable  
expense.

WHEELER'S CIVIL WAR RANK  
TO APPEAR ON MONUMENT.

"Major General, Confederate Army,"  
Has Roosevelt's Sanction.

Washington, Sept. 21.—Confederate  
veterans who were stirred over a story  
that the War Department officials had  
refused to allow the Confederate rank  
of Gen. Joseph Wheeler to be put on his  
monument at Arlington were appeased  
yesterday by a statement from the de-  
partment that President Roosevelt had  
personally directed that such an in-  
scription be allowed, in accordance with  
Miss Wheeler's wishes concerning her  
father's monument.

As a matter of fact, the department  
some time ago, directed that the in-  
scription prepared by Miss Wheeler be  
permitted and gave orders to the build-  
ers accordingly. Acting Secretary of  
War Oliver pointed out today that he  
had ordered an investigation to see if  
the builder had complied with directions  
and added that the order to have the  
"Major General Confederate Cavalry  
1863," appear had been issued several  
months since.

TRIBESMEN MORE WARLIKE  
AND PEACE WORK HALTS.

Hostile Chiefs Do Not Meet Gen. Druce  
and Amistice Is Extended.

Casablanca, Sept. 21.—The hostile  
Moorish chiefs who have been negotiat-  
ing for peace had not appeared before  
Gen. Druce at 3 o'clock this afternoon  
and the armistice was extended until  
today.

Couriers who have arrived at the  
French camp report that the tribesmen  
are much divided on the question of the  
cession of hostilities, and that num-  
bers are spreading all sorts of fantas-  
tic rumors of the intention of Sultan  
Abd-El-Aziz when he reaches Rabat,  
thus blocking the work of the chiefs  
who are really desirous of peace.

Jack Harris Names The Commerce

Finally, the best congressional timber  
in the second district today, from the  
standpoint of sheer ability, overtopping  
strength in himself, is Hon. Charles A.  
Prouty of Newport and the interstate  
commerce commission. No available  
man living could immediately take such  
a prominent and commanding place in  
the National House as Mr. Prouty, and  
he would grow every hour. As a trust  
buster and corporation regulator he  
out-Roosevelts Roosevelt himself, and  
his name as a champion of the dead-  
weighted and dismembered of monopolis-  
tic conspiracies is known from the At-  
lantic to the Pacific, from Marblehead  
to Monterey. He is an insulated bunch  
of static electricity, is Charles A. Prouty,  
and is as favorably known in Kansas  
City or Seattle as in Caledonia county.  
I doubt very much if he would ac-  
cept a nomination to Congress. I am  
absolutely uninformed as to his wishes,  
plans or desires. I have only reminded  
a few people what this state possesses  
in the way of Congressional timber.—

## ABOUT THE STATE.

Rems of Interest Gleaned From Our  
Exchanges.

The steamer Lady of the Lake has  
finished an average season on Lake  
Memphremagog.

Sealed bids for the positions of man-  
ager and matron of the Sheldon poor  
house for the ensuing year will be  
opened at the annual meeting of the  
association October 1.

Two-year-old Irene, daughter of Mr.  
and Mrs. G. H. Donahay of Rutland,  
caught her hand in the clothes wringer,  
injuring it so badly that the index  
finger had to be amputated.

The 50th Masonic birthday of Judge  
H. H. Powers of Morrisville will be  
celebrated the evening of October 4 by  
Mason Vernon Lodge. The address  
will include one of a reminiscent nature  
by the judge.

The small crop of apples in Addison  
county bring about \$4 per barrel. One  
dealer who contracted to furnish New  
York and Boston parties with 10,000  
barrels has been obliged to buy most of  
them in Nova Scotia.

In accordance with the provisions of  
act 15 of the acts of 1906, which pro-  
vides that the state auditor shall com-  
pute the cost of maintaining each in-  
sane person and the average expense of  
each patient supported in whole or in  
part by the state, State Auditor Gra-  
ham is preparing a report from blanks  
sent him by the superintendent of the  
state hospital for the insane at Water-  
bury and of the Brattleboro retreat.

This is a work of considerable mag-  
nitude and will occupy the time of the  
auditor and his office force for several  
days. Under the act in question the  
next of kin of these insane patients is  
obliged to pay for their support at the  
institutions. Mr. Graham is also send-  
ing out to the state attorneys of the  
several counties instructions to investi-  
gate and report facts in regard to in-  
sane persons confined in these institu-  
tions from the several counties.

One day last month Louis Riggie of  
Island Pond entertained a stranger from  
Canada, and the stranger "took  
him in." He (the stranger) had stolen  
a team from a Mr. Jones of Masson-  
ville, Que., and brought it to Island  
Pond. Here he induced Riggie to swap  
horses, Louis paying him \$5, and en-  
tertained him over night. The fellow  
was next heard from at Newbury, where  
he sold the horse, carriage, etc., for  
\$115, receiving \$75 cash, and a note  
for the balance. In the meantime Mr.  
Jones discovered his loss in the past-  
ure of Louis, claimed it, and the  
claim was not disputed. The thief  
was ultimately traced to Malton, Mass.,  
and arrested, giving his name as Joseph  
J. Bassett. The note for \$40 was found  
in his possession. He voluntarily re-  
turned to Canada, and is now in  
Swatburg jail. Louis is hopeful of  
getting his horse back in a few days.

It seems the race is not always to  
the swift, as was demonstrated the  
other day in Burlington when three fly-  
drummers went to the railroad station  
to take the 11:10 train for Waterbury.  
The train made up late, and the  
standards on the track in front of the  
depot 30 minutes before leaving time.  
After checking their baggage the knights  
of the road became occupied with a  
cette little dog which was up to snuff  
and could shake hands, jump, "speak"  
and do other sundry stunts as well as  
the next one. When the drummers  
woke up their train was half way to  
Essex Junction, and when last seen  
they were discussing ways and means  
of passing the time in the Queen city  
until the afternoon train would leave.

## Sudbury Church Centennial.

The 100th anniversary of the Con-  
gregational church was celebrated at  
Sudbury Wednesday most happily. The  
weather was all that could be desired,  
the audience was large and appreciative,  
the services were inspiring, addresses, up-  
lifting sermon and interesting letters  
all combined to make the occasion one  
long to be remembered. The singing  
of appropriate hymns accompanied the  
following program: Invocation, the  
Rev. Morton W. Hale, a former pastor,  
of Keene, N. H.; welcome, Dr. B. D.  
Colby, Sudbury; historical sketch by  
the up-ter, the Rev. N. R. Nicolay,  
scripture and prayer, the Rev. Simon  
F. Goodheart, Whiting; sermon, the  
Rev. William H. Spence, Rutland; let-  
ters from absent friends read by E. J.  
Foster and Miss Adeline Bucklin, Sud-  
bury; poem, the Rev. Frederick R.  
Phelps, Whiting; read by Mrs. M. L.  
Kelley, Whiting; voluntary addresses by  
the Rev. Frederick H. Meares, a  
former pastor, Winchester, Mass., the  
Rev. Simon F. Goodheart, Whiting, the  
Rev. S. H. Barnum, Cornwall; benedi-  
ction, the Rev. S. H. Barnum; supper and  
social hour; centennial hymn written  
for a similar occasion elsewhere by  
Miss C. C. Hall, New York; address,  
"Some Centennial Lessons and Recollec-  
tions," Harrison P. Nichols, a former  
resident of Sudbury, now postmaster at  
Maywood, Ill.; benediction, the Rev.  
Morton Hale.

## MEN ARE POWERLESS

To Fight Against Disease Unless They  
Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair,  
with irritants or oils on which a para-  
sitic germ will prosper, is like scooping  
water from the ocean to prevent the tide  
from rising.

You cannot accomplish a satisfactory  
cure without adopting a right understand-  
ing of the fundamental causes of the  
trouble.

You must kill the Dandruff Germ.  
Newborn's Herpicide does this because it  
is specifically made to do that very thing.  
When the germ is removed, the hair  
has no choice but to resume healthy  
growth and beauty.

**WITNESSES CALLED

Railroad Commissioners Issue Summons  
to Testify on Canadian Disaster.

Manchester, N. H., Sept. 21.—The  
railroad commissioners have summoned  
several witnesses to appear at the hear-  
ing on the Canadian disaster to be held  
at Concord beginning next Tuesday.  
The summonses will be served on Train  
Dispatcher Brawley, who sent the mes-  
sage from Concord; the train dispatcher  
at White River Junction, Vt.; Station  
Agent Crowley of Canaan, who received  
it, and all the members of the crews of  
the freight and passenger trains that  
were in the collision.

It was reported that the crews of  
both trains escaped with slight in-  
juries, but it is understood some of them  
were painfully hurt. It is thought,  
however, that all of them will be able to  
attend the hearing Tuesday.

What person is responsible for the  
error which sent 35 persons to their  
death or where it was made is not yet  
clear to the railroad officials or to the  
commissioners from the hearsay evi-  
dence they have at hand, but it is hoped  
that the mystery will be solved at the  
hearing.
